With age-appropriate activities for newborns, infants and crawlers, this parent-child music and movement class will help you strengthen those early parent-child bonds, understand your baby's development, and heavily focus on child development and communication with your baby. You and your baby will enjoy instrument play, dance, exploration time, and together time—and you'll get expert advice and parenting resources based on the most recent research in baby development.

For 1- and 2-year-olds

Get ready to sing, play, and move with your little one in this high-energy music class designed to be just right for very young children. This new Kindermusik curriculum focuses on your child's beginning movement, helping to build the muscles your young toddler needs to walk, run, and climb; and on vocal development, helping to nurture your child's speaking and singing voice. With a mix of both parent-child joint activities and child-focused activities, you'll be able to join right in on all the singing and dancing while also getting the chance to observe how your young toddler learns on his or her own. Embark on Kindermusik's fun new exploration of singing, swaying, laughing, and playing through Sing & Play, a just-right mix of early-childhood vocal play and language development, together time, and music and movement activities!

For 2 and 3 year olds

This music-filled class celebrates the unique joys of your growing child. Each week your child will love singing, dancing, and playing instruments with you and her new friends and you'll love helping her practice a wide variety of abilities such as gross and fine motor skills, turn-taking, social skills, and active listening. In class, we'll also share tips and ideas for using music throughout the week. Plus, the fun (and learning!) continue with the [Kindermusik@Home](#) digital home materials, including music from class, musical activities, and each month's story.

Family Style – Multi-Age Classes

Kindermusik understands that family time is precious and family activities can be hard to find, especially for families with more than one child. That's where a Kindermusik family class comes in. With your licensed Kindermusik educator there to guide you and everyone in the class able to learn from each other, your weekly family class transforms into a unique haven of memorable "together time" that inspires more music, play, and bonding at home throughout the week. From newborn to Grandpa and everyone in between, there's room for everyone!

For 3 and 4 year olds

Each Week In class we combine your preschooler's natural love of music, storytelling, and imaginative play with age-appropriate activities that introduce early music concepts and foster independence, social and emotional skills, language growth, and self-control. We also connect you with other parents who share in the wonder of parenting a preschooler. Parents join class for the final activities. The Kindermusik@Home digital home materials bring the music, activities, and each month's story everywhere you go. The repetition enhances the learning—and the fun!

For 4 and 5 year olds

From the moment you became a parent, you wanted the best for your child. In class, we engage your child in music and movement activities that also promote language, social and emotional skills, early math and early literacy, physical coordination, creativity, and more. Plus, your child will learn basic music vocabulary and notation—all setting the stage for future school success and formal music lessons. Parents join the fun for the final activities. The Kindermusik@Home digital home materials extend the benefits all week long with music from class, activities for the whole family, and each month's story.
